Portfolio

Summary

Web Developer with a knack for creative problem solving. I love working in teams and contributing to projects that make a positive impact in the world. Creating dynamic, responsive, and interactive web design is what I do best. I bring a unique perspective to web development because of my varied background and experiences.

Skills

Front End: JavaScript ES6, React, Redux, jQuery, HTML5, CSS3, NPM
Back End: Node.js, Express, MongoDB, PostgreSQL
Additional Tools: Git, GitHub, Slack, Chrome Dev Tools, Heroku, Netlify, Zeit

Related Technical Experience

THINKFUL   08/2019 - 11/2019
Full-Stack Web Development Program / Engineering Immersion
- Learning industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, jQuery, Node.js, React, Redux, and algorithms & data structures.
- Creating and deploying mobile-first applications while learning new languages and frameworks by collaborating every week with a senior web developer.

Projects Completed at Thinkful
PUERH / CAFE | GitHub Repo | Live Site: *This app helps users organize their pu'erh teas by adding collections and tasting notes.*
- Built and deployed a scalable, modular software product.
- Integrate PUERH / CAFE api to allow users to access and display data.

Built with: React, Redux, Node, Express, PostgreSQL, and CSS

Hot Takes | GitHub Repo | Live Site: *Keeps track of the 'hot takes' sports commentators have, to see who is the most reliable.*
- Allow users to add commentators and takes, providing a platform to decide which commentators they should follow.
- Designed and developed the backend API, which persists end user data.

Built with: React, Redux, Node, Express, PostgreSQL, and CSS

Travel TV Search | GitHub Repo | Live Site: *A search engine for finding travel tv shows based on an input location.*
- Designed and developed the search feature to allow end users to discover travel TV shows.
- Integrated Google Maps API and TVMaze API to display results based on the end user's search.

Built with: HTML, CSS, Javascript, jQuery, Google Maps API, and TVMaze API

Experience

Giordani Swanger Ripp, LLP   Austin, Texas
Accounting Clerk   *09/2017 - 07/2019*
- Prepared federal and state tax returns for individuals and businesses.
- Maintained bookkeeping in preparation for tax reporting across multiple entities.
- Created and edited invoices and issued them to customers through various means.
- Reconciled monthly firm credit card expenses, while tracking and analyzing the yearly budget.
- Produced quarterly and annual investment reports.

Simonds Homes Australia   Melbourne, Australia
Accounts Receivable Officer   03/2017 – 08/2017
- Investigated and followed up on unidentified payments.
- Invoiced customers daily, while maintaining a high level of accuracy and efficiency.
- Answered and resolved queries from both internal and external stakeholders.

Education

Colorado State University - ***Media Studies/New Media***   2010 - 2014
